1775 Williston Road

General office and medical office

This building with access from both Kennedy Drive and Williston Road is situated on the adjoining parcel to 1795 Williston Road, each building shares parking and common access to each facility. Constructed for IBM in the early 1980's, it was renovated in 2010 adding many new building components; it remains one of our most popular buildings. Presently it provides medical space for several different medical practices.
